TIMER! *Number 1 accommodation every classroom needs*

I believe the number 1 adjustment/accommodation most students need is **access to time**. If students don't know how long they have doing an activity this can lead to giving up, constantly asking adult how much longer etc, not wanting to finish a preferred activity as 'feel' just started.

PORTABLE SCHEDULES

I absolutely love these Digital Schedules.

- Add Velcro and visuals to make a portable schedule.
- Count Up or Count Down
- Break Tasks into Smaller Steps
- Easy to refer back to
- Move with the child
