

# BACK IN STOCK & NEW

**TIMER!** *Number 1 accommodation every classroom needs*

I believe the number 1 adjustment/accommodation most students need is **access to time**. If students don't know how long they have to do an activity, it can lead to them giving up, constantly asking an adult how much longer etc, and not wanting to finish a preferred activity.

## PORTABLE SCHEDULES

*I absolutely love these Digital Schedules.*

- Add Velcro and visuals to make a portable schedule.
- Count Up or Count Down
- Break Tasks into Smaller Steps
- Easy to refer back to
- Move with the child

Listen to Podcast 157 Why I love these top & tips to use

## TIME TIMER

Time Timer have added a NEW Dry Erase Card to Add visuals to your Timer.

**The 20cm also now has magnets on the back so you can stick on your whiteboard.**

I recommend the 'Card' that tells the child what they are doing NEXT to help with Transition to finish a task and move to the next activity.
